O'Meara, Rev. Thomas Robert [Principal, Wycliffe College] March 1916

March 28th, 1916

Rev. Principal O'Meara, LL.D.,

Wycliffe College,

Toronto.

My dear Principal O'Meara:

I have to thank you for a copy of the Bill respecting Wycliffe College in which you are asking the Legislature to give you additional power to acquire and hold property and also to grant degrees in theology.

I shall have pleasure in presenting the Bill to our Board of Governors who I think will recognise that nothing is being asked for in the Bill that is not perfectly reasonable and that in no way conflicts with the relation of Wycliffe to the University or with any privilege that the College possesses by reason of its federation with the University.

Yours sincerely,

President.
